Think Business Berlin-Vienna-Zurich

About the programme

„Think Business, Go International! Berlin-Vienna-Zurich“ is a structured Master mobility exchange programme of three top universities in Germany, Austria, and Switzerland. The programme provides rigorous quantitative training for master students in business administration or management & economics. The programme prepares students to be future business leaders and academics.

Structure

- (1) Spend an exchange semester at one of the partner institutions (with a whitelist of courses offered at the two guest institutions that are guaranteed to be recognized for the master in business administration or management & economics at the home institution)
- (2) Participate in one mandatory and one voluntary one-week summer school in either Berlin, Vienna, or Zurich. The summer school includes networking events with faculty members and business leaders. Students completing the programme earn a diploma signed by the partner institutions, supplementing the master degree of their home university.
