Economics and Statistics

Faculty Journal List 2021

About the Faculty Journal List

The Faculty Journal List (FJL) is a dynamic, annually updated list that provides information on which journals are defined as Category 1 or Category 2 within the faculty. This definition was adopted in 2015 by the Research Commission and approved by the Faculty Board at the recommendation of the Scientific Advisory Board. The list is newly compiled at the beginning of every year and thus serves to retrospectively categorize the publications of the previous year.

For this purpose, the current individual lists of the different subject areas – citation indices **SSCI** (Social Sciences Citation Index) & **SCIE** (Science Citation Index Expanded) are taken from the Web of Science (Web of Science Core Collection – Web of Science Group) and ranked according to the respective Article Influence Scores of the journals.

clarivate.com/webofsciencegroup/solutions/web-of-science

The top 10% of the journals in these individual lists are listed as Category 1 journals in the FJL. The remaining journals of the top 25% of the individual lists are assigned to Category 2 (see Figure 1).

Figure 1: Categorization of Journals (citation indices SSCI & SCIE)

Additionally, four so-called complementary lists are included in the ranking. These include:

- **Business:** Jourqual 3.0. This ranking is based on the judgment of professors in Business in the German speaking area. There are two top levels in this ranking: The "A+" journals are assigned to Category 1, the "A" journals to Category 2 of the FJL. vhbonline.org/vhb4you/vhb-jourqual/vhb-jourqual-3
- **Economics:** Handelsblatt-VWL-Ranking. All journals in EconLit are considered for the ranking. The weights are based on SCImago Journal Rank (SJR) values. We use the top two levels in their classification. The "A+" journals (weight 1.0) are assigned to Category 1, the "A" journals with (weight 0.208-0.859) to Category 2 of the FJL. forschungsmonitoring.org
- **Statistics:** A list compiled by the Australian Mathematical Society (AMS) is used here. The "A*" journals contained therein are listed as category 1, the "A" journals as Category 2 of the FJL. austms.org.au/Rankings/0104_AustMS_final_ranked.html
- **Finance:** The list compiled by the Amsterdam Business School (ABS) is used here. The "A*" journals included are listed as Category 1, the "A" journals as Category 2 of the FJL. abs.uva.nl/research/research-policy/research-policy.html

The journals in our Faculty Journal List are listed alphabetically within the respective category:

- ▶ **Category 1 Journals | 3**
- ▶ **Category 2 Journals | 16**

Category 1 Journals
